Graduation rates in Wyoming drop slightly to 78.9 percent

CHEYENNE – Graduation rates in Wyoming showed a slight drop, according to data compiled and released by the Wyoming Department of Education (WDE) today at a press conference in Cheyenne.

For full graduation rate statistics, <u>click here</u>.

Wyoming's graduation rate of 78.89 percent in 2011-12 is down from the 2010-11 rate of 79.74 percent. The percent in 2009-10 was 80.42 percent. Of the state's 48 school districts, 34 maintained a graduation rate of 80 percent or higher.

"We look at this as an indicator of the work we have to do," said WDE Interim Director Jim Rose. "I think the schools and the department and I know the Governor and the Legislature are all enlisted in making these numbers increase so that every student has the opportunity and benefit of a Wyoming education."

The Wyoming school districts with the highest graduation rates for 2011-12 are:

•	Washakie 2 (Ten Sleep)	100 percent;
•	Big Horn 3 (Greybull)	97.44 percent;
•	Crook 1 (Sundance)	94.57 percent;
•	Fremont 6 (Wind River)	93.55 percent;
•	Big Horn 2 (Lovell)	92.16 percent;

In addition to the four year adjusted cohort graduation rate, the WDE also tracks five and six year rates. The five-year numbers released today show roughly a 2 percent graduation rate increase among many subgroups. Students on Individual Education Plans also saw a 7 percent rise in graduation rates when looking at a six-year graduation rate versus a four-year rate.

Wyoming calculates graduation rates using a methodology established by the United States Department of Education. Federal requirements define the "four-year adjusted cohort graduation

rate," as the number of students who graduate in four years with a regular high school diploma divided by the number of students who entered high school four years earlier.

Students are counted in the graduation rate if they earn a diploma during the summer session immediately after fourth year in high school. To remove a student from a cohort, a school or district must confirm, in writing, that the student has transferred out, emigrated to another country or is deceased. For students who transfer out of the school, the written confirmation must be official and document that the student has enrolled in another school or in an educational program that culminates in a regular high school diploma.

Groups students who are scheduled to graduate in the same four-year period are called "cohorts." A cohort must have 30 students to be statistically valid in graduation rate calculations. If a cohort does not have 30 students, cohorts from the previous one or two years combine to create a cohort of 30 students.

Class of 2012 Graduation Rate (2011-12 Cohort)

Using methodology established by the United States Department of Education, the Wyoming Department of Education's Federal Four-Year Adjusted Cohort Graduation Rate, or "on-time" graduation rate, is 78.9% for the class of 2011.

Graduation Rates: Wyoming's Class of 2010 and Beyond

The shift to the new graduation rate is required in order to comply with the federal No Child Left Behind Act. The formula and methodology are similar to the standards set by the National Governors Association in their "Graduation Counts Compact". This new federal methodology requires all states to account for students using the same criteria, and use the same graduation rate calculation to ensure comparability across states.

The Wyoming Department of Education applauds every effort to give students options and help them succeed. We also understand that many successful students take more than four years to graduate. Because of this, the WDE will calculate five-year and six-year graduation rates to provide a more complete picture of student outcomes. Based on availability of underlying source data, these extended year rates will first be available beginning with a five-year graduation rate for the class of 2010 to be published during the 2011-12 school year.

Wyoming State Level Historical Graduation Rates

Federal Adequate Yearly Progress Graduation Rate Goal

The Adequate Yearly Progress (AYP) Graduation Rate goal approved by the United States Department of Education, as included in Wyoming's Accountability Workbook, is:

AYP Goal School Year	Graduation Rate
2001 to 2012	80%
2013 and beyond	85%

The Wyoming Department of Education does not discriminate on the basis of race, color, national origin, sex, age, or disability in admission or access to, or treatment of employment in its programs or activities. Inquiries concerning Title VI, Title IX, Section 504, and ADA may be referred to Wyoming Department of Education, Office for Civil Rights Coordinator, 2300 Capitol Ave., Cheyenne, WY, 82002-0050 or 307-777-7673, or the Office for Civil Rights, Region VIII, U. S. Department of Education, Federal Building, Suite 310,1244 Speer Boulevard, Denver, CO 80204-3582, or 303-844-5695 or TDD 303-844-3417. This information will be provided in an alternative format upon request.

Federal Four-Year Adjusted Cohort Graduation Rate

Student Tracking and Graduation Rate Calculation Process

What is a graduation cohort?

A graduation cohort is a group of students who begin as first-time 9th graders in a particular school year, which is then adjusted over time.

When a student transfers into a school, to which cohort is the student assigned?

A student who transfers into a school is required to be assigned to the cohort in which the student started 9th grade for the first time, even where this event occurred in a different district or school.

How is a cohort "adjusted"?

A cohort is adjusted by adding any students transferring into a cohort in a school and by subtracting any students who transfer out or are otherwise allowed to be removed from the cohort (see details below).

Students entering a Graduation Cohort:

- 1) Promoted from 8th to 9th grade
- 2) Transferring into the Wyoming public school system in any high school grade (9 to 12)

Students Exiting a Graduation Cohort:

- On-Time Graduates (diploma recipients) including summer school students graduating by September 15th following the cohort's fourth year
- 2) Non-On-Time Graduates
- 3) Removed from Cohort

Removed from Cohort:

Students are not counted in a school's graduation rate when exiting before the end of their four years of expected enrollment in high school grades (9 to 12) for any of the following reasons, but only when districts obtain documentation required by federal regulation:

- 1) Transferred to a home school curriculum or another diploma granting high school
- 2) Moved out of the country
- 3) Died

Four-Year (On-Time) Graduation Rate Calculation

On-Time Graduates: 17 Students
Non-On-Time Graduates: 3 Students

Expected On-Time Graduates: 20 Students

On-Time Graduation Rate =

On-Time Graduates

Expected On-Time Graduates

On-Time Graduation Rate = $\frac{17}{20}$ = 85%

Expected On-Time Graduates

Non-On-Time Graduates:

Students counted as not graduating in four years may have:

- 1) Dropped out, been rumored to transfer (no written confirmation), or left for reasons unknown by the school
- 2) Left school to participate in a non-high school diploma granting educational or trade program (including GED)
- 3) Attended high school grades (9-12) for 4 full years without graduating (may still be seeking a diploma in 5 or 6 years)

What about Five-Year and Six-Year Graduation Rates?

In the example above, if one of the three Non-On-Time Graduates does graduate in five years, the Five-Year Graduation Rate for this cohort will be 18/20 = 90% (assuming no new additions to or removals from the cohort). Extended year rates will be published.

Wyoming 2011-12 Cohort Graduation Rates

The purpose of this document is to provide information concerning the calculations and data sets used to determine graduation rates for public schools in Wyoming. The 2011-12 report contains the On-Time (4 year) Graduation Rate, the Extended-Year (5 year) Graduation Rate and the Extended-Year (6 year) Graduation Rate. Calculations and information produced and reported by any other entity are not official and should not be used as an official source of information.

Graduation rate is a key component of federal accountability provisions for states, districts, and schools. In October of 2008, the U.S. Department of Education (USDE) announced final regulations establishing a uniform and more accurate way of calculating high school graduation rates that will be comparable across states. The October 2008 announcement, "A Uniform, Comparable Graduation Rate¹," provides a straightforward and detailed definition for use by all states.

A Uniform and Accurate Definition of Graduation Rate: The Four-year Adjusted Cohort Graduation Rate

An accurate method of calculating graduation rates that is uniform across states is necessary to improve high school accountability. Requiring school officials to have written confirmation before removing a student from a cohort will improve the accuracy of graduation rate calculations. Written confirmation will also ensure that students who have dropped out of school are not counted as transfers and will consequently hold schools accountable for dropouts and others who do not graduate from high school with a regular diploma.

- The final regulations define the "four-year adjusted cohort graduation rate" as
 the number of students who graduate in four years with a regular high school
 diploma divided by the number of students who entered high school four
 years earlier (adjusting for transfers in and out, émigrés and deceased
 students—see below).
 - Students who graduate in four years include students who earn a regular high school diploma at the end of their fourth year; before the end of their fourth year; and, if a state chooses, during a summer session immediately following their fourth year.
 - To remove a student from a cohort, a school or district must confirm in writing that a student has transferred out, emigrated to another country, or is deceased.
 - For students who transfer out of a school, the written confirmation must be official and document that the student has enrolled in another school or in an educational program that culminates in a regular high school diploma.

http://www.ed.gov/policy/elsec/reg/proposal/uniform-grad-rate.html

Extended-Year Cohort Graduation Rate

The Extended-Year Cohort Graduation Rate counts students who do not complete high school within four years. The same formula is used in both the On-Time and Extended-Year Rates, except that the Extended-Year Rate measures the number of students who graduate within five (or six) years of entering ninth grade. The Wyoming Department of Education applauds every effort to give students options and help them succeed. Many successful students take more than four years to graduate.

- Extended-Year (5 Year) Graduation Rates will be published in December 2012 for the cohort of students who began ninth grade in fall 2007 (class of 2011).
- Extended-Year (6 Year) Graduation Rates will be published in December 2012 for the cohort of students who began ninth grade in fall 2006 (class of 2010).

Graduation Rates are calculated for the following student subgroups:

- All Students
- English Language Learners (ELL)
- Female Gender
- Male Gender
- Homeless Students
- IEP Students
- Students eligible for Free or Reduced Lunch
- Migrant Students

- Race/Ethnicity American Indian
- Race/Ethnicity Asian
- Race/Ethnicity Black
- Race/Ethnicity Hispanic
- Race/Ethnicity Pacific Islander
- Race/Ethnicity Two or More Races
- Race/Ethnicity White

Graduation rates are reported to the following:

- Adequate Yearly Progress for state, district and school reports
- United States Department of Education Consolidated State Performance Report (CSPR)
- National Center for Education Statistics (NCES) State Profiles
- Independent Researchers

Frequently Asked Questions

What is a Cohort?

A group of students who start high school together. This group is tracked in the State Longitudinal Data System over their entire high school career. The Wyoming State On-Time Graduation Rate is a four year cohort beginning with ninth grade students, tracking them until the end of the twelfth grade. The Extended-Year Graduation Rate is a five year cohort beginning with ninth grade students, tracking them until one year after twelfth grade.

How is the On-time graduation year determined?

The student's expected on-time (4 year) high school graduation year based on the year and grade in which the student first attended a high school grade in a Wyoming public school. For instance, a student first attending a Wyoming public school as a 9th grader in 2006-07 has an expected on-time graduation year of 2009-10 (9th grade, 2006-07; 10th grade 2007-08; 11th grade 2008-09; 12th grade and graduate 2009-10). A student first attending a Wyoming public school as a 12th grader in 2009-10 would then also have an expected

graduation year of 2009-10. All students in this file have an expected on-time graduation year of 2009-10. Students graduating early in 2009-10 will be used in future years graduation rates (2010-11 for example) so are not included, nor are students that graduated in 2009-10 but are not on-time graduates. All on-time status decisions are based on data submitted by Wyoming public school districts.

What are Exit Codes?

These are codes used by schools to determine the reason a student leaves the school system for any reason. Full explanations of each Exit Code can be found in the <a href="https://www.wbefasta.com/wbe

How do you define "Graduate"?

Students who graduate with a Wyoming "regular high school diploma" as defined through <u>Wyoming Statute and Rules and Regulations, Ch. 31 - Graduation Requirements</u> are considered Graduates.

What is a WISER ID?

The Wyoming Integrated Statewide Education (WISE) Student Record ID (WISER ID) is a unique, yet non-personally identifiable, statewide student identifier that connects a student's data across districts and institutions. Deployment of the WISER ID System began at the start of the 2005-06 school year. This procedure of uniquely identifying student records fulfilled the requirements of No Child Left Behind (NCLB) by enabling the tracking of students across districts.

Who is excluded from the calculations?

Only a student who transfers out and enrolls in another school or in an educational program that culminates in the award of a regular high school diploma, emigrates to another country, or dies may be removed from a high school's or district's cohort. Before removing a student from a cohort, a school or district must obtain confirmation in writing that the student transferred out, emigrated, or is deceased. No other students may be removed from the cohort. Thus, schools and districts must ensure that a student who drops out of high school is not deemed a transfer for purposes of calculating graduation rate; rather, the student must remain in the adjusted cohort— that is, the denominator of the graduation rate calculation.

How are early graduates reported?

Students who graduate earlier than their cohort should be reported with an exit date reflecting the actual date the diploma was granted. These students will be counted as ontime graduates with their cohort.

How Are GED Students Counted?

Per federal guidance, for the purposes of the On-Time (4 year) Graduation Rate, GED recipients are considered non-graduates.

How are "other" completers counted?

Federal guidance mandates that only regular high-school diploma recipients be identified as having graduated for purposes of calculating graduation rates.

How do you count students who graduate after more than 4 years?

Any student not graduating in 4 years but earning a diploma in more than 4 years will be included in the Extended-Year Cohort (5 year and/or 6 year) graduation rates, as timing dictates. Per federal guidance, for the On-Time (4 year) Graduation Rate, these students are considered non-graduates.

If a student re-enrolls in a public high school after having dropped out of school for a period of time, how may a school count that student in the four-year graduation rate?

The adjusted cohort graduation rate requires the WDE to have in place an accurate student record system that can track the progress of individual students over time. This system must record when a student has dropped out of school (and may not count him or her as a student who has transferred out). If, for example, a student who was a first-time 9th grader in 2008-2009 drops out in 2009-2010 after tenth grade, and then re-enrolls in high school in 2011-2012, that student may be deemed to have transferred into the receiving school and should be assigned to the cohort in which the student was a member when he or she started 9th grade for the first time (2008-2009). Unless the student skipped a grade later in high school or caught up with the original cohort in some other manner, that student could not graduate within four years of starting 9th grade, and therefore would count as a nongraduate in the four-year graduation rate.

Where are the rates published?

Several different reports are available to access historical graduation counts and rates on the WDE website:

http://edu.wyoming.gov/DataInformationAndReporting/GraduateData.aspx

The WDE Statistical Report Series contains graduate and dropout data, specifically in Statistical Report Series No. 3:

http://edu.wyoming.gov/DataInformationAndReporting/StatisticalReportSeries3.aspx.

The federal government has published state by state graduation rate information on their website: http://www.ed.gov/news/press-releases/states-report-new-high-school-graduation-rates-using-more-accurate-common-measur

Appendix A

Last Reported Exit Type Code	Last Reported Exit Type	Graduation Status Determination for Students with an Expected On-Time (4 year) Graduation
108	Graduated with a Wyoming "regular high school diploma" AND completed district defined college-bound course of study	"Graduate" (in most cases). If the student is reported as having graduated on or prior to 9/15 (exit date) the student is a "Graduate", except in the rare cases where a subsequent enrollment record was submitted, or an updated graduation record indicating the student did not graduate until after 9/15was submitted, in which cases the student is a "Non-Graduate" for purposes of calculating the On-Time Graduation Rate
124	Graduated with a Wyoming "regular high school diploma" BUT WITHOUT having completed the district defined college-bound course of study	See Exit Type 108 above
blank	Actively enrolled student	"Non-Graduate". A student last reported as actively enrolled (with no further records submitted by the end of the school year) is a "Non-Graduate" at the reporting district and school
132	Completed school and received an "other" credential (other than a "regular high school diploma")	"Non-Graduate". Federal guidance mandates that only regular high-school diploma recipients be identified as having graduated for purposes of calculating graduation rates. Any student not graduating in 4 years but earning a diploma in more than 4 years will be included in the 5yr and/or 6yr graduation rates, as timing dictates
140	Dropped out, status unknown, or transfer not fully documented per federal requirements	"Non-Graduate", per federal guidance.
159	Discontinued schooling to participate in a GED or other education or training program that does not grant a "regular high school diploma"	"Non-Graduate", per federal guidance.

167	Expelled or involuntarily withdrawn without continuation of educational services	"Non-Graduate", per federal guidance.
175	Reached maximum age for services	"Non-Graduate", per federal guidance.
248	Enrolled in a foreign exchange program; student expected to return	"Non-Graduate". A student last reported as having enrolled in a foreign exchange program (with no further records submitted by the end of the 2009-10 school year) is a "Non-Graduate" at the reporting district and school
310	Attendance through end-of-year; grade level advanced	"Non-Graduate". A student last reported as having attended through the end of the year and not graduating by 9/15 is a "Non-Graduate" at the reporting district and school for their cohort because they did not graduate on-time. Other than the graduation exception, any transfer or exiting event taking place on or after 7/1 is an exiting event, and does not change the accountability district and school for the school year.
329	Attendance through end-of-year; retained in grade level	"Non-Graduate". Last reported exit status, see above discussion under exit type 310
345	Transferred mid- year to a different public school in the same Wyoming district	"Non-Graduate". Last reported exit status, see above discussion under exit type 310
361	Transferred to a public school in a different Wyoming district	"Non-Graduate". Last reported exit status. No subsequent enrollment record submitted by any Wyoming district following this exit event by 6/30. Also see above discussion under exit type 310. NOTE: If your district has a transfer request from another Wyoming public district and believe that the student was subsequently enrolled in another Wyoming district prior to 6/30, please contact the WDE and we will facilitate a decision process between the two districts involved.
All other types	Out of Wyoming public education transfers, emigration, or death	Excluded from graduation rate calculations. This student record not included in files as district has absolved responsibility for the student.
